

Fast and Clear Radiographs with the Opti-X™

Opti-X
w/sphere

- *2mm sphere, if required by licensing board, must be visible on all digital x-rays.*
- *Saves you considerable time taking required angles as opposed to taping 2mm sphere and using sticky wax (MD view)*
- *Opti-X is included free in each ModuPRO Endo kit*
- *More time to perform your endo procedures*
- *Predictable results each time*

* Patent Pending
